

Date: April 28, 2003

Subject: Interim Revision to SAE/USCAR-19

The following change to SAE/USCAR-19 Coaxial Cable Connector Interface – Square Outer Conductor, Revision 1, is effective immediately. This change is being made to enable the use of lower cost material for the connector body.

Table 6.1 is revised to show the color for polarization option “K” as RAL 7046 tele gray replacing 2003 pastel orange. The revised table is shown below.

Coding	Color	RAL #	Applications
A	Nut Brown	8011	TV <sup>1</sup>
B	Leaf Green	6002	TV <sup>2</sup>
C	Signal Blue	5005	GPS
D	Claret Violet	4004	Cellular Phone
E	Heather Violet	4003	GPS Navigation only
I	Jet Black	9005	AM/FM
J	Cream White	9001	AM/FM <sup>3</sup>
<b>K</b>	<b>Tele Gray</b>	<b>7046</b>	<b>RKE/TPMS<sup>4</sup></b>
